CE A MERS BINE...

ȘI MAI BINE DACĂ:...

I learnt…

… about the importance of collaboration in all activities
… to share my experience and to learn from others
… what leadership is and how to improve my developmental work
… to look for the 'right' partners in my project and to collaborate
… that projects may have a diverse impact
… what my next stepts should be
… how to make my practice more diverse
… to think small and concise to achieve big things
… a lot of things about other proples' projects
… that it is not easy to be a leader
New ways of collaborating and gathering evidence
… that individual students should also be consulted about school matters
… about community of learners
… a lot of things I will apply in my practice

What went well…

Even better if …
